Made in the U.S.A. of U.S. and imported parts.  
Meets Buy American requirements within the ARRA.

**General Description**

Energy-efficient, long life LED upgrade for a nominal 22" X 22" surface mounted HID canopy luminaires. Reduces total ownership costs. Luminaire mounts directly to the existing HID housing by replacing existing door frame and lens assembly.

Luminaire is mounted to adapter panel in field. Panel is heavy gauge die-formed steel with exclusive DeltaGuard powder coat finish. Power luminaire includes cord whip to allow for ease of feed.

Optical unit is constructed of high performance aluminum extrusion with rugged die cast end caps for exceptional performance and durability.

Complete panel assembly is secured to the existing housing with 4 corner brackets and stainless steel screws. Luminaire is provided with two suspension stainless steel aircraft cables to allow panel assembly to hinge open and allow for hands-free field wiring.

Five year limited warranty on luminaire.

**Electrical**

Modular design accommodates varied lighting output from high brightness, white, 6000K (+/- 500k per full fixture), minimum 75 CRI, long life LED sources. Optional 4300K (+/- 300K per full fixture) also available. 120-277V 50/60 Hz Class 1 LED drivers are standard. LED drivers have power factor >90% and THD <20% at full load.

**Testing & Compliance**

UL classified in the U.S. and Canada for use with Jet-Philips Series Canopy Luminaires. Dark Sky Friendly. IDA Approved. RoHS Compliant.

Product with petroleum symmetric optic and sprakle petroleum optic qualified on the DesignLights Consortium ("DLC") Qualified Products List ("QPL").

**Finish**

Exclusive Colorfast DeltaGuard® finish on all cast aluminum components, features an ECoat epoxy primer with an ultra-durable white powder topcoat. Provides excellent resistance to corrosion, ultraviolet degradation and abrasion. Clear anodized finish on extruded aluminum heat sink with white powder finish on all cast aluminum components and mounting plate is standard. The finish is covered by our 10 year warranty.

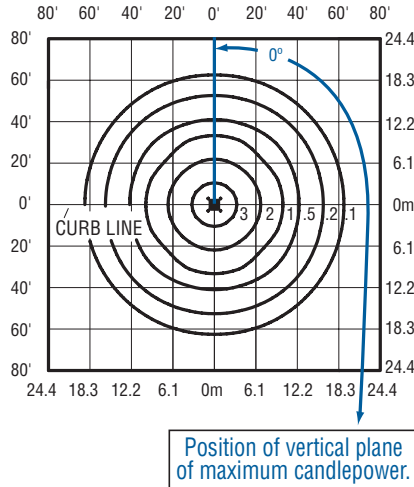

**Patents**

U.S. and international patents pending. BetaLED is a division of Ruud Lighting, Inc. For a listing of Ruud Lighting, Inc. patents, visit [www.uspto.gov](http://www.uspto.gov).

**Photometrics**

Independent Testing Laboratories certified test. Report No. ITL66638. Candlepower trace of 6000K, 60 LED Type V Medium luminaire with 10,893 initial delivered lumens operating at 700mA. All published luminaire photometric testing performed to IESNA LM-79-08 standards.

Isofootcandle plot of 6000K, 60 LED Type V Medium 304 series parking structure luminaire at 15' A.F.G. Luminaire with 10,384 initial delivered lumens operating at 700mA. Initial FC at grade.

**Field-Installed Accessories**
